

cage

a cage
full of ideas.

cage.

A cabinet system that impresses with its striking design language and authentic blend of materials, *cage* is the perfect solution for storage space and zoning. A square profile tubular frame redefines a room and sets new accents in the space. Open and closed modules, horizontal and vertical cubes and a choice of unusual materials open up a wealth of options for specifiers. Based on a distinct grid design, the *cage* system allows designers to create combinations that zone and structure the space. A corner shelf element creates a natural transition between two components.

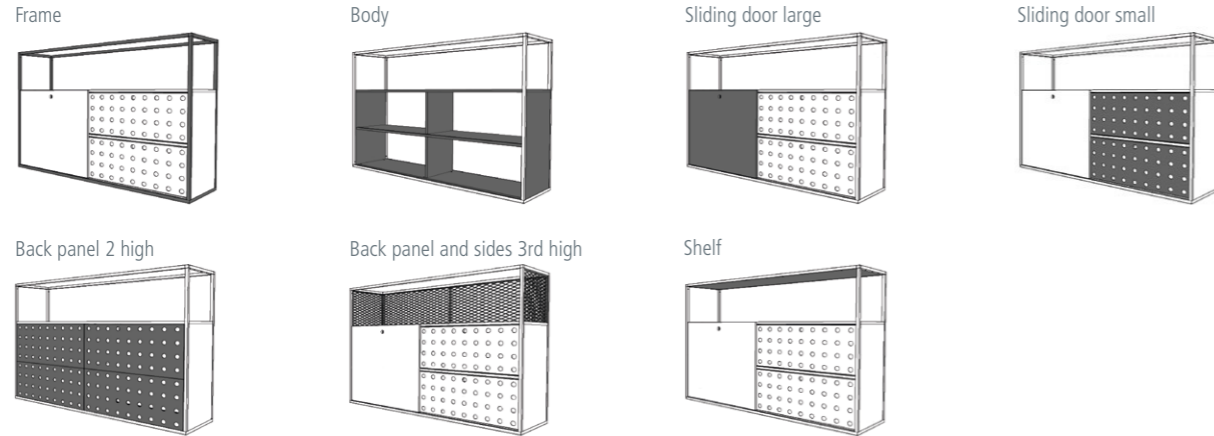

Using a great variety of materials, finishes and colours, *cage* gives designers and architects plenty of scope to create the look they want. In terms of storage space, *cage* helps to order and organise things, but also serves as a room divider and screen. While the first and second document file levels are designed to be purely functional, the third level provides a full range of options, open top elements that provide views through the space. This level also serves as shelf space and for presentation and may be fitted with a tray and a magazine holder.

Design: neunzig° design

Optional.

Cabinet 2 + 1 high – W 1200 mm Cabinet 2 + 1 high – W 1600 mm
 4562-125 4562-165
 W 1200 / D 450 / H 1080 W 1600 / D 450 / H 1080

W= width / D = depth / H = total height / dimensions in mm

System overview

Inside clearance

Dimensions in mm

Standard models:

Frame:

Square profile metal tube 20/20, 1.5 mm. Corner joints die cast zinc.

Top panel – cabinet 3 high:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge, reclaimed oak, oiled.

Body:

Choice of laminate (MFC) with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge.

Sliding door large:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge, fibre cement, reclaimed oak, oiled.

Sliding door small:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge, perforated metal plate.

Back panel:

Choice of laminate (MFC) with ABS laser edge, standard veneers or premium

veneers (walnut or zebrano) with laminated wood edge, perforated metal plate. Back panel exterior always finished as a decorative panel, allowing for the unit to be freestanding. Optional: fabric back panel, may be used as pinboard.

Shelf – cabinet 2 + 1 high and corner shelf:

Optional. Choice of laminate (MFC) or HPL Fenix with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge, reclaimed oak, oiled.

Back panel and sides 3rd high – cabinet 2 + 1 high:

Optional. Choice of laminate (MFC) with ABS laser edge, standard veneers or premium veneers (walnut or zebrano) with laminated wood edge, metal mesh.

Leg finish:

Adjustable metal glides, heightadjustable to 15 mm.

Lock:

Optional. Lockable: sliding door large + upper sliding door small.

Locking system:

Master locking system, replaceable barrels with 20 different lock number options.

YB02 reclaimed oak, oiled

X12 fibre cement quartz

X14 fibre cement slate

W04* perforated metal plate

W06* metal mesh

* Powder-coated acc. to WH collection
