monitor support*

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office solutions. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture - all "Made in Germany".

The company headquarters is located in Dogern on the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition and 150 years of company history that has repeatedly set standards - in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the "office world" with new product ideas and contemporary concepts. Sedus puts a strong focus on current trends and changes in the world of work. New organisational structures and forms of work require flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. A particular emphasis is placed on the health and well-being of the users.

Why monitor arm

For up to **2 monitors**

Large monitor range of motion

due to innovative joint technology

Compact & reduced design

can be perfectly integrated into any workstation

Ergonomic

due to optimum eyeline height and thus provides relief for the cervical spine

Monitor arm

First-class freedom of movement

VDU workstations are indispensable for many tasks. To be able to perform these tasks in a productive way, it is important that the technical equipment is adjusted to the user. The flexible monitor arms can be individually adjusted to provide good screen visibility and support an ergonomic posture at work.

The flexible joints allow the monitor to be adjusted in height by up to 340 mm.

By means of a clamp adapter, the monitor arm can be mounted on desks with a thickness of up to 50 mm.

With the correct adapter, the monitor arm can be mounted on any se:wall which has an organiser groove.

The single arm is suitable for monitors of up to 30 inches and a maximum weight of 8 kg.

The elegant and reduced design of the adapter and monitor arm blends in with any workplace.

The monitor mount complies with the VESA standard (75 x 75 or 100 x 100).

The single arm with crossbar can accommodate two monitors with a size of up to 27 inches. The handle is used for easy and smooth adjustment.
